**A Unity Movement Begins in Birmingham**  
*with a stroke of the brush*

**Birmingham,AL :** The Birmingham Association of Realtors has taken a stand for homeownership and businesses for over 100 years. In the spirit of the Civil Rights movement and the 50th Anniversary of the Fair Housing Act, we, the 2018 Leadership Academy are elevating the stand we are taking for our community. Just like in decades past, Birmingham is the catalyst of a movement that will change our future. A visual representation of this unity movement will be presented on September 21, 10 am at 1527 3rd Ave S Suite 102, Birmingham, Al.

As a leadership academy, we recognize now is the time to unite Birmingham. It is our responsibility to continue a man's dream to have his children and ours, judged only by the content of their hearts. We are one city with a passion to work together to unite our community and communities across our country. As a symbol of our unity movement, we have commissioned local artist, Marcus Fetch to illustrate unity through a mural. In the words of Mayor Woodfin, "we are a city of builders and makers..." Uniting Birmingham to work together for a better community is exactly what this mural portrays to us. Just as Harriet Tubman stated, "...you have within you the strength, the patience, and the passion to reach for the stars to change the world." Our dream is to unite our city by continuing this movement in Birmingham, just as true change began decades ago.

Our celebration of the unity movement will begin on 3rd Avenue South for the Greater Birmingham communities, local mayors, and our REALTOR® family. A drawing for prizes will occur during the reveal. Special thanks to Watts Realty for donating the mural space and generous donations from our supporters.

- Visit Birmingham's Unity Mural to take a selfie. #BHMOneCity
- Share your selfie and your Birmingham unity story on social media.
- Let's fulfill a dream together.

**About Your Company:** The Birmingham Association of Realtors was established in 1911. The association has been a community advocate since it's inception. Now is a great time to contact your Birmingham Association Realtor.
